

TRINITY TRIBUNE

FEBRUARY EDITION

Faith - Family - Foundation

PRINCIPAL'S NOTE

Thank you to those who were able to volunteer, attend, or donate to help make Lutheran Schools' Week so much fun for the students and staff. I loved that we were able to end it with singing as a whole school on Sunday.

As we contemplate the Lutheran education and the blessings we have from Trinity, I hope you consider ways you personally can take a vested interest in continuing to improve and grow our school.

If you have ideas for next school year, or questions about plans, please reach out and set up a time to discuss it.

Please be sure to take advantage of early enrollment to receive the discount for the 2024-2025 school year. Let me know if you have any questions about the digital form that is new this year.
-Mrs. B

Mission Update

Wow! The staff is blown away by the generosity of our students and guests' offerings for the Bible translation project support for the Ersland family. We are hoping to raise \$150 more in the coming weeks. Consider reminding your child to bring loose change to chapel!

ATTENDANCE MATTERS

According to the U.S. Department of Education, 1 in 10 children is chronically absent from school. This has major implications for student success both academically and socially.

Even if students are at school, tardy students miss important instruction and develop habits that can be negatively impactful on future education and job opportunities.

Here are links to some articles regarding attendance and being on time for learning opportunities. If your family struggles with attendance or being on time for school, please know that we are willing to facilitate car pooling opportunities to help get your child to school on time. Let us know if we can help!
